Stage 3 Water Conservation Plan

Now in Effect

Brookshire MWD is currently implementing Stage 3 of our Water Conservation Plan due to a temporary well outage. We urge all customers to use water carefully and adhere to the mandatory restrictions in place to help protect our community's water supply.

**Please be cautious of your water usage
during this time**

Brookshire MWD has discovered one of our wells is down. And we are currently working on trying to get this well back up and running it's hard for any inconvenience and thanks for your patience in advance.

BMWD has a Drought Contingency Plan (DCP) in place for customers in order to safeguard the water supply for the communities it serves. Brookshire MWD must follow the Drought Contingency Plan in accordance with TCEQ.

BMWD has implemented Stage 3 of the Drought Contingency Plan. Water restrictions are mandatory. Please follow the guidelines below.

Water Use Restrictions for Demand Reduction:

Under threat of penalty for violation, the following water use restrictions shall apply to all persons:

- (a) Irrigation of landscaped areas with hose-end sprinklers or automatic irrigation systems shall be limited to Sundays and Thursdays for customers with a street address ending in an even number (0, 2, 4, 6 or 8), and Saturdays and Wednesdays for water customers with a street address ending in an odd number (1, 3, 5, 7 or 9), and irrigation of landscaped areas is further limited to the hours of 12:00 midnight until 10:00 a.m. and between 8:00 p.m. and 12:00 midnight on designated watering days. However, irrigation of landscaped areas is permitted at any time if it is by means of a hand-held hose, a faucet filled bucket or watering can of five (5) gallons or less, drip irrigation system or permanently installed automatic sprinkler system only. The use of hose-end sprinklers is prohibited at all times.
- (b) Use of water to wash any motor vehicle, motorbike, boat, trailer, airplane, or other vehicle is prohibited except on designated watering days between the hours of 12:00 midnight and 10:00 a.m. and between 8:00 p.m. and 12:00 midnight. Such washing, when allowed, shall be done with a hand-held bucket or a hand-held hose equipped with a positive shutoff nozzle for quick rinses. Vehicle washing may be done at any time on the immediate premises of a commercial car wash or commercial service station. Further, such washing may be exempted from these regulations if the health, safety, and welfare of the public is contingent upon frequent vehicle cleansing, such as garbage trucks and vehicles used to transport food and perishables.
- (c) Use of water to fill, refill, or add to any indoor or outdoor swimming pools, wading pools, or Jacuzzi-type pools is prohibited except on designated watering days between the hours of 12:00 midnight and 10:00 a.m. and between 8 p.m. and 12:00 midnight.
- (d) Operation of any ornamental fountain or pond for aesthetic or scenic purposes is prohibited except where necessary to support aquatic life or where such fountains or ponds are equipped with a recirculation system.
- (e) Use of water from hydrants shall be limited to firefighting, related activities, or other activities necessary to maintain public health, safety, and welfare, except that use of water from

designated fire hydrants for construction purposes may be allowed under special permit from the Brookshire Municipal Water District.

(f) The watering of golf course tees is prohibited unless the golf course utilizes a water source other than that provided by the Brookshire Municipal Water District.

(g) All restaurants are prohibited from serving water to patrons except upon request of the patron.

(h) The use of water for construction purposes from designated fire hydrants under special permit is to be discontinued.

(i) The following uses of water are defined as non-essential and are prohibited:

1. wash down of any sidewalks, walkways, driveways, parking lots, tennis courts, or other hard-surfaced areas;
2. use of water to wash down buildings or structures for purposes other than immediate fire protection;
3. use of water for dust control;
4. flushing gutters or permitting water to run or accumulate in any gutter or street; and
5. failure to repair a controllable leak(s) within a reasonable period after having been given notice directing the repair of such leak(s).
